To the Supreme Court Justices of Michigan

My father passed away in May of this year due in part to asbestosis. His entire work life was spent at Great Lakes Steel where he was exposed day after day to asbestos. When he died my mother lost not only his pension but retirees medical insurance as well. Obviously there is more money needed now than prior to his death. Corporations should step up to the plate and take responsibility for harm that was caused due to known asbestosis use. Do not change the law, allow people that have claims to collect. Please only interpret the law. My mother will need any small amount of money she may hopefully receive. As it is, she is now living with my husband and me. Thank you for your attention to this very important matter.

Carlene Howe

Daughter of A.C. Holley, deceased retiree of Great Lakes Steel
